

Arc's Community Training Program

Presents

The Partnership for Prescription Assistance

**Open to Everyone,
regardless of Disability
or Insurance!**

Arc's Community Training Program invites you to learn about The Partnership for Prescription Assistance (PPA)—a program which may help you reduce the cost of your brand name or generic prescription medications. In this meeting, a representative from The Partnership for Prescription Assistance will explain the program's features and requirements and answer your questions.

Once you learn how the program works, you can tell family, friends, and other people you know how they can get assistance. This may be a great resource for your family or someone you know.

Please Join Us!!!

**Monday, October 5, 2009 @ 5:30-6:30pm
at Arc of Southeast Los Angeles County**

Disclaimer: The Arc of Southeast Los Angeles County does not hold any contract or endorsement for The Partnership of Prescription Assistance or any of its affiliates.

This is a Free Training!

Light Refreshments will be served.

**To enroll, contact Jeffrey Stephens, Training Coordinator
at 562.803.1556 x262 or Jeffrey.Stephens@arcselac.org**

The Arc Community Training Program provides professional education and instruction on various topics related to Intellectual and Other Developmental Disabilities to increase community awareness and support for individuals with disabilities. The Arc of Southeast Los Angeles County is a nonprofit organization serving individuals with intellectual and other developmental disabilities since 1956.

**The Southeast Conference Center
9545 Washburn Rd, Downey, Ca 90242**
